The nonpartisan IIPAC Board, comprised of IIPAC investors who are also ABI members, makes the Friend of Iowa Business selections. The board encourages voters to consider these endorsements when evaluating where candidates stand on business issues.

Candidates are evaluated on their support for a competitive business climate and their focus on a regulatory climate conducive for job creation. Criteria included positions on issues based on interviews, stated approach to general business community concerns, voting records of incumbent candidates, and input from ABI members and IIPAC contributors.
