

2016 ELEVATE SCHOLARSHIP PROGRAM

Manufacturing firms supply more than 208,858 jobs to lowans. These well-paying careers require education and training beyond high school, but many don't require the often burdensome cost of a bachelor's degree. Recent studies have shown that two-year degree holders, especially in high-demand manufacturing occupations, can earn salaries that surpass those of college graduates.

A career in manufacturing means getting to work sooner with less debt.

Elevate Advanced Manufacturing promotes great careers in advanced manufacturing. In 2016, Elevate is offering (15) \$500 scholarships to Iowa <u>high school seniors</u> interested in studying a manufacturing-related career at one of Iowa's 15 Community Colleges – 1 award will be made per college region.

Interested candidates can apply by completing the following application. For more information about manufacturing careers, visit <u>www.elevateiowa.com</u>.

Great Jobs. Great Benefits. Great Life.

APPLICATION DEADLINE: APRIL 1, 2016

Applications should be emailed to: Ideignan@measuredintentions.com or mailed to: Lisa Deignan, 8510 New York Avenue, Urbandale, IA 50322
